Coach Padilla has been a blessing to Glenoaks. Not only has she made PE an enjoyable class, her flexibility to assist with everything and *anything* has been invaluable. From recess duty, to after school care, and even backstage for the Christmas show. We can't wait for her upcoming Jr.Olympics Field Day. It will be the perfect ending to an eventful school year.

Staff

Thank you **Mr. Veken** for being the world's best "Money Man." We know it is not easy being the bill collector, but He does it with grace. Thank you for working hard to make sure our school succeeds. I believe God has placed each and every staff member at Glenoaks and I am grateful for you.

When **Gian Diaz** first started, he was shy and reluctant to interact with others. Over time, he has gained confidence and became much more comfortable in social situations. Now, he has made many friends and is always eager to help his classmates, offering a big smile and kind words. His positive attitude and kindness have definitely made him a star student in our classroom, and it's wonderful to see his growth each day!

Jr. Kinder

Matthew Aparicio is our focus champion in our midst! He's been locking in, staying on task, and tackling his work like a pro!

Mia Arana-Salazar hit a few bumps in the road with her studies, but WOW-- what a journey to see her grow so much in putting effort, staying dedicated, and taking charge of her assignments on her own!

Abel Hurtado is an absolute rockstar when it comes to integrity! Every single day, he shows honesty-- like it's second nature to him, I have never wondered if he'll do the right thing, because he just does!

Second Grade

I'm happy to announce that we have three star students this month!

First is **Carlos Espinoza**. Despite the challenges Carlos has had, he has shown tremendous improvement and progress.

Next is **Aubrey True**, and although Aubrey has had some obstacles in being attentive, she has shown incredible progress and enthusiasm in learning.

Lastly, **Chris Coreas**, has a positive attitude toward learning and has shown outstanding development in his academics.

Congratulations to all our star students for doing their best!

Third Grade

Congratulations to **Dallas Soliz** for being our 5th Grade Star Student. Dallas has a heart of gold. He is compassionate, kind, helpful, and one of the sweetest people I know. Dallas has been working diligently to complete all assignments each week. I am proud of his recent academic effort. Let's finish strong Dallas!!

Fifth Grade
